A TASTE OF BOARDING

AREAS OF EMPHASIS

STEMTASTIC

Presenting engaging and informal opportunities for the student to pursue learning and practical applications of Science, Technology, Maths or Computer Science outside the conventional syllabus. Designed to inspire and demonstrate these disciplines interact and relate to one another in a fun and relatable manner, students will discover the flip-side of theoretical classes, formulas, and examinations.

PERSONAL DEVELOPMENT

Effective learning can also be fun and engaging. Curated workshops that promote self-discovery, confidence and leadership through interactive games and collaborative activities.

INSIGHTS

Interactive talks with key industry leaders, young leaders and entrepreneurs that will stimulate students' minds as to the opportunities and paths in front of them and actionable insights in order to attain their dreams.

SPOTLIGHT

A series of sessions targeted at providing an opportunity for self-expression, collaboration and developing creativity and imagination.

FUN & GAMES

A key attribute of boarding is the ability to live with, learn from and bond with peers. Every evening, students will have the opportunity to unwind and relax with fellow participants over supervised sport, planned social activities or impromptu hangouts.

PASTORAL CARE AND SUPERVISION

Over the week, students will learn, live and play in a safe, secure environment. A team of experienced Epsom teachers and support staff (including full-time nurse) will be on hand at all times to provide the best possible care and supervision - in-line with the best traditions of boarding at Epsom.

Students will be housed in separate houses based on gender and will remain on Epsom's secure 50-acre campus throughout the programme. The Houses are well-equipped with all the amenities one would expect such as high speed broadband, pool tables, foosball, board games, video games, and last but not least, hot showers.

Three buffet meals will be served daily at the central dining hall where students can socialize and form bonds with other students. Students will also have full access to the facilities across the school's 50-acre campus.

WEEKDAY BOARDING

Weekday boarding offers parents a perfect balance between potentially competing demands. They can fulfill their work and career commitments safely in the knowledge that their children are receiving the best possible education, supervision and standards of care. The weekend is available for dedicated quality time with the family.

Epsom's weekday boarding programme provides an ambitious and dynamic learning environment led by a team of committed and experienced teachers and pastoral care staff. Free from the distractions of daily commutes and interruptions, students benefit from the world-class teaching resources, facilities and sporting infrastructure to reach their full potential. Over 70% of ECiM students achieve A*/A in IGCSE and A Levels and have been admitted into top global universities such as Cambridge, Stanford, Imperial and L.S.E.

Epsom's Weekday Boarding Programme caters for students between Year Groups 7 to 13; spanning Key Stage 3, 4 and 5 and the IGCSE and A-Level examinations.

The Weekday Boarding week commences Monday at 8am and students are free to leave the campus with their parents and/or appointed nominee on Fridays at 5pm. Bus transportation to and from a centrally located location in Kuala Lumpur is available at an additional termly fee.

Weekday Boarding fees are fixed at RM99,000 p.a. and will not escalate during your child's tenure at the school. These fees cover tuition, accommodation and meals. Full Boarding is available for an additional RM10,000 p.a.

Exclusive to students attending the Taste of Boarding is a full waiver of enrolment fees should an application be made post the conclusion of the programme.
