MOURATOGLOU TENNIS PROGRAMME
EPSOM MALAYSIA

“

Tennis is truly a “school of life”. It teaches us hard work, perseverance and humility, allowing each student-athlete to display their true worth. We have for the last 25 years given equal importance to tennis and school, by developing a precursor system that helps children to be successful on the court and be prepared with all the necessary tools to live their lives to the fullest.

I am thrilled to expand our pillar tennis and school programme worldwide for the very first time especially in Asia and to be partnering with Epsom, a renowned school with a curriculum in alignment with our standards.

The mission of the Mouratoglou Tennis Programme at Epsom Malaysia is to provide students the best foundation to thrive in both their academic and sporting careers.”

THE MOURATOGLLOU ACADEMY

Nestled in the heart of the French Riviera between Nice and Cannes, the Mouratoglou Academy is a 12 hectare complex that is widely considered to be one of the world's best tennis training facilities.

Since its inception in 1996, the Mouratoglou Academy has shaped some of the world's most promising talents, such as Marcos Baghdatis, Grigor Dimitrov, Stefanos Tsitsipas, Alexei Popyrin, Coco Gauff and Holger Rune under Patrick Mouratoglou's tutelage and methodology. As Serena Williams' tennis coach for ten years, Patrick Mouratoglou helped to steer her to 10 out of 23 of her Grand Slam wins.

The Mouratoglou Academy's mission is to guide young aspiring players towards achieving their full potential. Every year, the Academy hosts 4,000 campers and 200 student-athletes who train vigorously on-site.

Successful placement of students in top global universities like Stanford, LSE, and Cambridge.

The Mouratoglou Tennis Programme at Epsom Malaysia gives students equal exposure to high-level tennis and academics. The academic curriculum captures the following:

- > English National Curriculum
- > 24/7 open door policy for academic and pastoral support
- > Small class sizes
- > Bespoke university admissions programme
- > Specialist transition classes and support for IBDP and EAL students
- > 60-90 minutes of teacher supported daily independent study
- > Additional optional study sessions on Saturdays
- > Holiday revision programmes
- > SAT testing centre

“

Epsom is one of the few educational institutions that provides a true British education, which is what we wanted for our sons. It has been a fantastic journey for us - the children see school as an adventure and they enjoy it everyday. They are excelling in their academics and growing profoundly as individuals.

YEARLY TRAINING PLAN

Mouratoglou Tennis Programme combines sports and academics at the highest level.

Students enrolled in the Mouratoglou Tennis Programme will each receive a personalised tennis coaching plan that is specially designed to reflect their skill level, growth requirements, and hopes and aspirations for the future, just as a professional tennis player strategises and prepares with their coach. These tactical strategies are at the core of Patrick Mouratoglou’s success as a coach and he has distilled these learnings from his career into the Mouratoglou Tennis Programme at Epsom Malaysia. We cater to individuals of all skill levels and provide each player with the requisite tools and guidance to take their tennis game to the highest level.

THE EPSOM ADVANTAGE

Programme participants also benefit from the Epsom Advantage, a bespoke university support programme that provides each student with a clearly defined roadmap, a collaborative effort between student, mentors and parents, that outlines different objectives students must meet in the lead-up to a successful application to a top-tier university (eg. summer applications, essay development, research, scholarship and internship opportunities). The programme also provides promising student-athletes with the training rigour to apply to colleges where the duality between tennis and academics can be explored further.

Participants in the Mouratoglou Tennis Programme also have access to a US Scholarship Coordinator at the Mouratoglou Academy, who will advise and guide students to find a suitable college to both continue their academic journey and further professional career.

PASTORAL CARE

WELCOME HOME

We want young people to join us full of potential and to leave us successful and fulfilled, with a sense of connection to a supportive, nurturing community.

At Epsom Malaysia we are an international community whose strength lies in the emphasis it places on discipline, tolerance and the understanding of one another. Teachers and support staff in both the Prep and Senior School develop a personal care for, and interest in, individual pupils; to draw out their passions and interests, to ensure their time at the School is rewarding. The wellbeing and safety of all our pupils is paramount. Our pastoral care is primarily rooted in the House system, which provides the much-needed for guidance and support each child. All Senior School students are a member of a Boarding House which becomes a second family; a tight knit community of young people who learn and develop together; sharing moments and forging memories of their life as an Epsom pupil.

BOARDING HOUSE FEATURES

- > 76 rooms all equipped with bathrooms, air conditioning and wifi
- > 1-4 students per room
- > Security cameras
- > Study room and media center
- > Game room
- > TV and cinema room

STAFF

- > Team of 20 trained professionals
- > 1 governess
- > On-site school counsellor

MEDICAL

- > 24/7 on-site school nurse
- > Allocated sanatorium
- > 1 medical room

Epsom is fortunate to have over 90% of staff living on site with their own families. This adds a unique quality to the life of the School, which at times feels like an extended family.
